Cardiac Conditions

First Time Application

You will need to begin by providing the following:

- All details of any treatment, management or surgery including dates
- Hospital discharge letter(s)
- A list of all medications and when these were started
- Details of any cardiac investigations undertaken in the last 5 years with dates and results (e.g. ECG, Echocardiogram, MRI)
- Any cardiology review letters

Future Requirements

Once your application has been approved by our Consultant Doctors, we will let you know what additional information will be necessary to support future renewals. This may include:

- Annual Medical Reports
- Cardiology Assessments
- Additional tests or scans (e.g. ECG, Echocardiogram, MRI)
