- Rally International – ITD-R
- Speed International – ITD-R
- Drag International – IT DR
- Cross Country International – ITC-R
- Off Road International – ITC-C
- Off Road International Junior – ITE
- Limited Speed Competition International - LSC

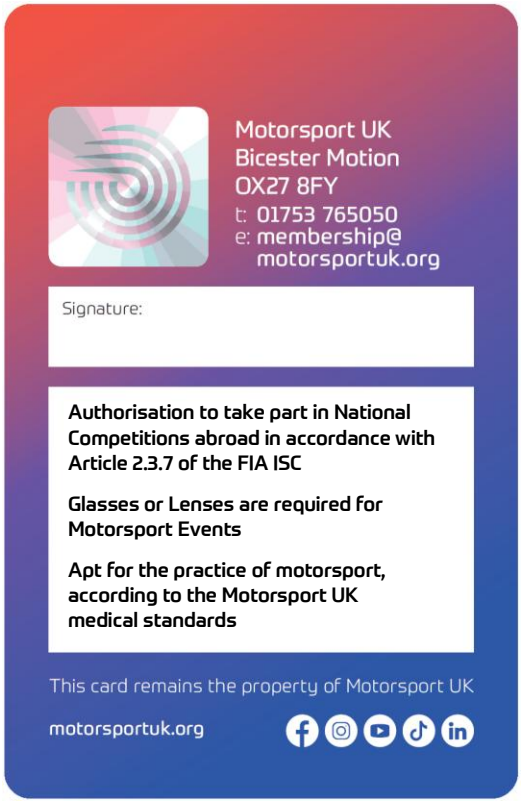

* Regarding Motorsport UK giving authorisation under ART. 3.9.4(a) & (b), Motorsport UK confirms that the issuing of your International Licence automatically includes general authorisation (start permission) for the whole year of validity of the licence. Licensees should produce this document if any question is raised on this point, as confirmation that Motorsport UK has given you the required authority.

National Events:

UK National Licence holders may only compete in National events abroad if they hold one of the following National Licence grades. The event must also be inscribed on the hosting ASN's National Sporting Calendar as a National Competition Authorised for Foreign Participation.

- Race National
- Race National Truck
- RS National
- RS National – Stage Rally
- RS National – Stage Rally Navigator Only
- RS National – Drag
- Kart National

The above grades of both International and National Licences will incorporate automatic starting permission to take part in such events and contain the words 'Authorisation to take part in National Competitions abroad in accordance with Article 2.3.7 of the FIA ISC'.

These words confirm approval by Motorsport UK of a General Permit under the International Sporting Code for all countries whose ASN is recognised by the FIA.

Motorsport UK advises that you keep this document with your 2027 licence.
