Recent Fracture or Broken Bone

If you have suffered a broken or fractured bone in the last 3 months, you will need to notify the medical administrator.

ALL Applications

If the medical administrator requires more information due to the location of the bone the following will be required

1. Your latest clinic letter or discharge summary.
2. A letter from your doctor confirming that there are no ongoing restrictions to your mobility in relation to your broken or fractured bone, which may affect your ability to control and/or exit a motor vehicle.
