Proposed Regulation

NCR Chapter 14 Sprint, Hill Climb and Hot Lap Challenge App 1 Organisers Regulations including Scrutineering

4.2

- b. ~~Vehicles other than those used for Hot Lap Challenge may be liable to annual inspection by a Technical Commissioner or designated Scrutineer if:~~
- ~~Fitted with an engine of a greater capacity than that with which it was constructed; and / or~~
 - ~~Altered or modified causing a change in classification. Delete~~

- 4.3. If after approval any Vehicle is dismantled or modified in a manner that may affect its safety or eligibility or it is involved in any incident which is likely to have a similar effect or any aerodynamic device is added or removed it shall be represented for approval. The Entrant shall be responsible for seeking such fresh approval.

Date of Implementation: Immediate

Reason: Following review it was considered that 4.2b. above is out of date and is already covered within the Vehicle Passport process. The Sub Committee believe there are no unintended consequences in proposing the deletion of this regulation but are agreed that item 4.3 remains to ensure that vehicles are reinspected at Events.
